TOOLS FOR THE WAY YOU WORK IN EVERY PART OF YOUR SHOP

When your customers demand perfection, you can't afford to deliver anything but the best in quality standards.

From pre-paint preparation to autobody repairs, we can supply the right product for each task.

RELY ON WYPALL® Your Best-in-Class Alternative to Rags

WypAll® Wipers vs. Rags

CHOOSE

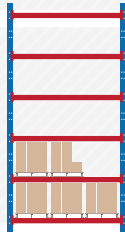

IT'S A MYSTERY!

You never know what you'll get in a box of rags.
WypAll® Wipers come in a consistent size, shape and quality.

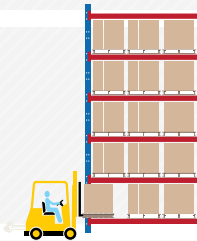

STORE

68% LESS SPACE!

Save 68% shelf space.

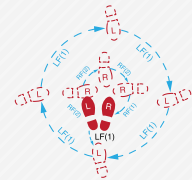

DISPENSE

NO MORE DANCING!

Fetching rag after rag all day – a big time-waster!

USE

MORE THAN 2x

as much water absorption.

DISCARD

USE LESS, WASTE LESS!

Reduce waste by 78%.

generic PPE.

LIQUID AND PARTICLE PROTECTION

BREATHABLE, MICROPOROUS FILM

KLEENGUARD™

Single-use protective clothing

Work-related skin diseases account for approximately 50% of occupational illnesses and are responsible for an estimated 25% of all lost work days.⁶

A30 Breathable Particle & Light Splash Protection

All-day protection against hazardous dry particles, aerosols and nonhazardous light liquid splash

PERFORMANCE

Productivity:

- Made from a strong and breathable three-layer SMS fabric designed to reduce heat stress and enhance productivity

Protection:

- Over 99% particle holdout against particles >5 microns

Comfort/Fit:

- Human-centric, Reflex® Design incorporates 12% more chest room & 6% longer body length than ANSI sizing standard providing uninhibited movement and wearer comfort

TYPICAL USES

- Powder painting
- Pharmaceutical research
- Fine-particle contamination
- Aerospace
- Maintenance/general manufacturing
- Aerosolized spray painting
- Contract cleaning

Available with skid-resistant boots: Up to 68% improvement in traction on wet and dry surfaces – helps users reduce the risk of slips, trips and falls*

*Compared to the original boot material on the A30 and A45 coveralls.

A30 Coveralls

Description	Color	M	L	XL	2XL	3XL	4XL	Case Count
Zipper Front with 1" Flap, Elastic Back, Wrists, Ankles & Hood	White	--	46113	46114	46115	--	--	25

Recyclable with RightCycle by Kimberly-Clark Professional®

3.8x better liquid barrier vs. DuPont™ Tyvek® 400, for keeping out harmful liquids even when under pressure

8x less lint vs. DuPont Tyvek® 400, reducing the threat of cross contamination in critical areas

30% stronger fabric vs. DuPont™ Tyvek® 400, reducing the number of fabric failures when worn by worker – saving time and money

PERFORMANCE

Protection:

- Passes ASTM F1670 testing for penetration of blood and bodily fluids*
- Protection against fine particles and liquid under pressure

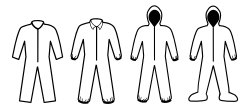

** Does not apply to Coverall with Blue Breathable Back*

Comfort/Fit:

- Meets ANSI/ISEA 101-1996 sizing standards

TYPICAL USES

- Fiberglass manufacturing
- Tank cleaning
- Utilities
- Liquid handling
- Pressure washing
- Maintenance/general manufacturing
- Mold remediation
- Agriculture
- Lead abatement
- Sewage work

A40 Coveralls

Zipper Front, Elastic Wrists, Ankles & Hood	White	44322	44323	44324	44325	44326	--	--	25
Boot Covers, serged seams, elastic opening 17" height, seamless sole	44491	White	Universal Size						400

Kleenguard™ A40 fabric liquid chemical resistance test

Chemicals	Test Method	Results
Potassium Chromate (20%)	F903 Method D	Pass
Paint containing (40%) isocyanates	F903 Method D	Pass
Blood Penetration	ASTM F1670	Pass

Chemical Resistance Test does not apply to A40 Breathable Back Coverall.
Reference the Technical Data Guide for current liquid chemical resistance information at www.KCProfessional.com

A45 Liquid & Particle Protection

For protection against dry particulates, liquid sprays and splashes

PERFORMANCE

Protection:

- Lightweight, microporous film laminate technology specifically designed to seal out chromate dust and isocyanates⁷
- Water-resistant zipper and storm flap reduces potential for overspray to penetrate the garment at the zipper area
- Respirator fit hood is designed with a long zipper extending to the chin for complete coverage of neck area minimizing the potential exposure to overspray

Comfort/Fit:

- Human-centric, Reflex[®] Design incorporates 12% more chest room and 6% longer body length than ANSI sizing standard, providing uninhibited movement and wearer comfort
- Made with lighter-weight fabric than KleenGuard[™] A40 coverall, allowing for improved comfort without sacrificing protection

TYPICAL USES

- Composite manufacturing
- Surface prep
- Paint preparation, paint application
- Liquid handling
- Chemical & pharmaceutical industries
- Utilities
- Electronics
- Agricultural
- General manufacturing

KleenGuard[™] A45 fabric liquid chemical resistance test

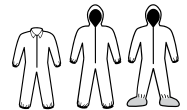

Chemicals	Test Method	Results
Isocyanate paint 40% ⁷	F903 Method D	Pass
Chromated epoxy corrosion primer 10%	F903 Method D	Pass

Reference the Technical Data Guide for current liquid chemical resistance information at www.KCProfessional.com

Up to 68% improvement in traction on wet and dry surfaces – helps users reduce the risk of slips, trips and falls*

*Compared to the original boot material on the A30 and A45 coveralls.

A45 Coveralls

⁷Tested against polyurethane containing polymeric isocyanate (40% concentration)

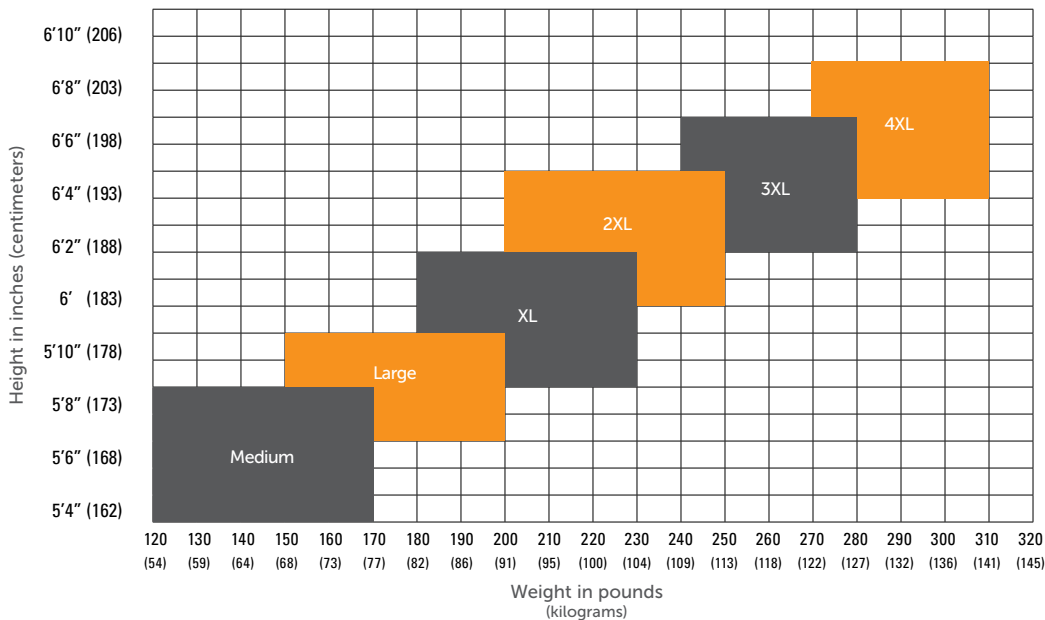

Recyclable with RightCycle by Kimberly-Clark Professional[®]

Reflex® Garment versus ANSI sizing comparison

Sizing chart for Reflex® Design garments

PERFORMANCE

- Superior strength reduces the potential for tears and rips and improves cost-in-use
- Ambidextrous for improved cost-in-use and efficiency

PROTECTION

- For workers who refuse to choose between protection and productivity, KleenGuard™ G10 Blue Nitrile Gloves' puncture-resistant formulation delivers uncompromised barrier protection against chemical splash[†], dirt, grease, and oil.
- AQL 1.5 (Acceptable Quality Limit levels defined according to ISO 2859-1)

COMFORT

- Powder-free to minimize process or product contamination risk

TYPICAL USES

- Cleaning and maintenance
- Aerospace manufacturing
- General manufacturing
- Electronic assembly
- Painting
- Food processing

G40 Polyurethane Coated Gloves

Breathable, comfortable protection against abrasion

Excellent grip and dexterity

Thin mil feel for tactile sensitivity

Seamless knit construction for breathability and comfort

PERFORMANCE

- Thin mil feel for tactile sensitivity
- Excellent grip and dexterity
- Tear-resistant
- Abrasion-resistant

PROTECTION

EN388:2016

3131X

COMFORT

- Seamless knit construction for comfort
- Precision and electronics assembly
- Small parts handling
- Control handling
- Packaging and inspecting
- Warehousing/shipping/receiving
- General maintenance

The gauge number refers to the size and type of needles used in knitting a glove – the higher the number, the thinner, more form-fitting and dexterous the shell. Low gauge gloves are more bulky, less dexterous.

We make safety decisions easy with a less-complicated product line focused on effective protection and productivity.

MAVERICK™ EYE PROTECTION

Don't underestimate the power of style. Your workers need protection, but they also care how they look. Maverick™ Eye Protection, the first eyewear created for the KleenGuard™ Brand, delivers confident protection without compromising style or comfort. It's PPE that workers will want to wear. With Maverick™ Eye Protection, compliance has never looked so good.

Passes the EN166 "N" mark test for resistance to fogging and EN166 "K" mark test for resistance to surface damage by fine particles. (49309, 49311, and 49301 only)

Z87.1 + UV TAA

- Meets the optical requirements of the ANSI Z87.1 standards
- Meets the impact protector requirements of the ANSI Z87.1 standards
- Lenses are made of a polycarbonate material that provides 99.9% UVA/UVB/UVC protection
- Product complies with the Trade Agreements Act

- Certified to meet the impact, ignition/flammability, coverage, and optical requirements of the CSA Z94.3 standards
- Look for this symbol to see which products are eligible for recycling
- Number denotes the base curve of the eyewear; a higher base curve provides more wraparound protection and peripheral vision, and can reduce the need for side shields

NEMESIS™ Rx Readers EYE PROTECTION

COMFORT

- Stylish, nylon framed eye protection with integrated diopters for vision assistance
- Patented Flex-Dry™ nosepiece with integrated ridges to divert sweat

PRODUCTIVITY

- Hard-coated lenses for scratch resistance and longer life

Each pair comes with a neck cord, so the eye protection is available when needed

SAVE 20% IN 60 DAYS

TRY IT. RISK-FREE.

Experience the Power of KleenGuard™ by replacing your current PPE products with Kimberly-Clark Professional solutions for 60 days. If you don't see a 20% cost savings, we will reimburse you the difference between the cost of your product and our product up to \$1,000.¹

By Kimberly-Clark Professional®

Help your customers take the next step in their waste reduction journey by choosing RightCycle By Kimberly-Clark Professional®. This innovative program enables our customers to turn previously hard-to-recycle single-use apparel, safety eyewear, and nitrile gloves from Kimberly-Clark Professional into new consumer goods. Learn more by visiting: www.KCProfessional.com/RightCycle.

The following information is provided to assist with your buying decisions. Read all instructions and warnings attached to product before use.

It is the responsibility of the user to assess the types of hazards and the risks associated with exposure and then decide on the appropriate personal protective equipment needed for each circumstance. Failure to use only KleenGuard™ designed, produced and tested components, attachments and replacement parts can adversely affect product performance, resulting in serious injury.

KLEENGUARD™ EYE PROTECTION
Provides limited eye protection. Additional protective devices are required for full eye coverage and protection.

Does not protect you from all hazards. Even though the lenses in these safety glasses are impact-resistant, they can break and shatter and will not protect you from explosions, all flying debris, and severe impacts.

Should not be worn to provide protection from other hazards including, but not limited to, extreme temperatures, high heat, airborne dusts or mists, liquid splashes, sports activities and high-energy optical radiation.

888-346-GOKC (4652)

¹ The maximum amount that Kimberly-Clark Professional will pay out under this program is \$1,000 per customer facility. Void where prohibited, taxed or restricted by law. Not responsible for lost, late, misdirected, incomplete or undeliverable submissions. Kimberly-Clark Professional reserves the right to modify or cancel this program at any time. Guarantee applies to switching competitive economy eye protection to KleenGuard™ Maverick™, Nemesis™, Nemesis™ CSA, or Nemesis™ VL eye protection. (Economy safety eyewear is defined as eye protection with uncoated lenses; current product must not be a Kimberly-Clark Professional product.)

Made in USA

KleenGuard™ N95 Particulate Respirator: Pouch Style DESIGNED WITH PURPOSE

The KleenGuard™ N95 Particulate Respirator is designed to provide protection against the risks posed by airborne particles and contaminants. This USA-made, NIOSH-Approved N95 respirator provides a filtration efficiency of at least 95% for 0.3 micron particles.

Our proprietary technology creates a lightweight material that delivers particle filtration while providing up to 31% more breathability than the leading competitive respirator style¹. The unique pouch design allows more room for the warm air to dissipate. Each respirator features two blue headstraps which are made from a Kimberly-Clark patented material that offers a balance of softness, strength and stretch. So yes, it's different — but different by design.

KleenGuard™ N95 Respirators: Uncompromising comfort, fit and breathability.

This product is NOT for medical use and has not been tested against COVID-19 so cannot be recommended for efficacy or use against COVID-19

N95 PARTICULATE RESPIRATOR

POUCH STYLE

- ▶ NIOSH-Approved and Made in USA
- ▶ Soft, stretchable headstraps made of patented material
- ▶ Pouch-style design for ease of breathing

FEATURES:

- Up to 31% more breathable than leading competitive respirator style¹
- Unique shape ensures tight facial seal and prevents leakage around edges
- Convenient, flat-fold design enhances portability, making storage easier
- Proprietary technology enhances airflow and delivers no less than 95% filtration efficiency
- Headstraps and adjustable nosepiece create a custom fit

TYPICAL USES:

- General maintenance
- Sanding
- Sawing
- Grinding
- Sweeping
- Food processing

Reclosable carton for safe storage

This product is NOT for medical use and has not been tested against COVID-19 so cannot be recommended for efficacy or use against COVID-19

Prior to occupational use of the KleenGuard™ N95 Particulate Respirator, please note the following:

- Respiratory hazards (contaminant type and concentration levels) must be determined in the workplace and must not exceed OSHA PEL. (KleenGuard™ N95 Particulate Respirator is used only for particulate aerosols free of oil).
- An OSHA written respiratory protection program (medical evaluation, fit test and use training) must be in place prior to use. OSHA 29 CFR 1910.134 – Respiratory protection.
- Fit testing must be completed per OSHA 29 CFR 1910.134 to ensure no contaminant leakage occurs into the user's respirator.
- Do not modify or alter respirator in any way.
- For complete product use and restrictions, please carefully review the user instructions shipped with the KleenGuard™ N95 Particulate Respirator.
- This product is not for medical use

¹ Kimberly-Clark data derived from NIOSH approval process and test results. Competitive data derived from Inhalation and Exhalation Resistance and Filtration Performance of Stockpiled Air-Purifying Respirators: Overall Performance of Nearly 4,000 respirators sampled from Ten Stockpile Facilities – National Institute for Occupational Safety and Health (NIOSH), National Personal Protective Technology Laboratory (NPPTL). Lee A. Greenawald, Susan M. Moore, Patrick L. Yorio. March 25 2020.

Our Guarantee

Your total satisfaction means everything to us. If, for any reason, our products do not meet your expectations, Kimberly-Clark will reimburse you[†] for your initial purchase, via FREE product, for up to \$1,000. For more information on Kimberly-Clark Professional*, visit us online at www.KCProfessional.com, customerservice@kcc.com or call us at **1-800-443-4231**.

† Guarantee extended to consuming end-user accounts only.

Kimberly-Clark warrants that its products (1) comply with K-C's standard specifications as of the delivery date to K-C's authorized distributors/direct purchasers except for auto darkening filters which shall be warranted for two years from date of end user purchase (verified by valid sales receipt) and powered air purifying respirators which shall be warranted for one year from date of end user purchase (verified by valid sales receipt); (2) comply with all K-C labeling representations; and (3) are manufactured in compliance with all applicable federal, state, and local laws in effect at the time and place of manufacture of the products. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. K-C is not liable for any kind of special, incidental, or consequential damages. K-C's liability for breach of contract, tort or other cause of action shall not exceed the product purchase price. Purchasers and users are deemed to have accepted the above warranty and limitation of liability, and cannot change the terms by verbal agreement or by any writing not signed by K-C. To the extent required by applicable law, K-C does not limit its liability for death/injury resulting from K-C's negligence.
